I am a senior frontend developer with 10+ years of commercial experience. I'm interested in all kinds of visual communication, but my major focus is on the design and development of web, mobile & tablet interfaces. I am enthusiastic, self-motivated and extremely driven with a wide range of skills both in terms of design and development.

Skills/Experience

Employment

Senior Frontend Developer | Domtar Personal Care | April 2015 - Present

Core member of a multi-disciplinary digital team, delivering enhancements and maintenance across all digital properties, company wide.
